B.Tech Computer Science (Software Product Engineering)

Lovely Professional University, Punjab

ABOUT ME

Computer Science (Software Product Engineering) student at Lovely Professional University with hands-on experience in full-stack web development, frontend development, UI/UX design, and software testing. Proficient in building responsive web applications using MERN Stack and Full Stack Web Development. Experienced in developing user-friendly interfaces, redesigning web applications, and collaborating on real-world software projects. Passionate about learning new technologies, solving problems, and creating high-quality software. Seeking opportunities to apply my technical skills, contribute to innovative projects, and grow as a Software Engineer.

TECHNICAL SKILLS

Frontend Development - JavaScript, React, Tailwind CSS, Next.js, Vite

Backend Development - Node.js, Express.js, JWT Authentication,

Database & Tools - Git & GitHub, Postman, REST API Design, Cloud Deployment (Render, Netlify, Vercel), Meta Business Suite, Google Cloud Platform, AWS (Beginner), MySQL, PostgreSQL, MongoDB Atlas

Coding Languages- Python, C++, Java, Javascript

Design & Prototyping Tools – Figma, Canva, Web App Design, Mobile App Design

EXPERIENCE

- Software Development Engineer** Sep 2025 – Aug 2026
Worked on creating websites, redesigning UI for web applications, handling Meta Business Suite, and performing website and application testing to ensure quality and performance.
[WorldSportsAcademy](#) – Frontend development
[QuizWizard](#) – UI redesign
[OffShift](#) – Application testing
[Bracketoro](#) – Website testing
[Brand Flyers](#) – Website testing and Frontend development
Flyers Creation – Designed using Canva and Figma
[Gencoft Website](#) – Redesigned the UI
[OneKathaAtaTime](#) – Frontend development and serverless functions
- CSE Program** Aug 2024 – Sep 2025
Gained hands-on experience in MERN stack development through real-world projects and collaborative team learning.

PROJECTS

- Taktikal** [Github Repo Link](#) | [Deploy Link](#) JAN 2025 – Present
A sports management platform for coaches and athletes to manage training, performance, and communication.
Features: Athlete management, training scheduler, performance tracking dashboard, tactics builder, and AI chatbot support.
Tech Stack: React.js, Tailwind CSS, Node.js, Express.js, MongoDB, OpenAI API, REST APIs, JWT Authentication, Render, Git & GitHub.
- HandScape** [Github Repo Link](#) | [Deploy Link](#) JAN 2025 – Present
A social platform for uploading and sharing creative hand pictures with community interaction features.
Features: Image upload, user authentication, likes/voting system, responsive UI, and image gallery management.
Tech Stack: React.js, Vite, Tailwind CSS, Node.js, Express.js, MongoDB, Cloudinary, REST APIs, JWT Authentication, Netlify/Render, Git & GitHub.
